Analysis and Representation of Alumni Responses

Number of Alumni providing Feedback- 30

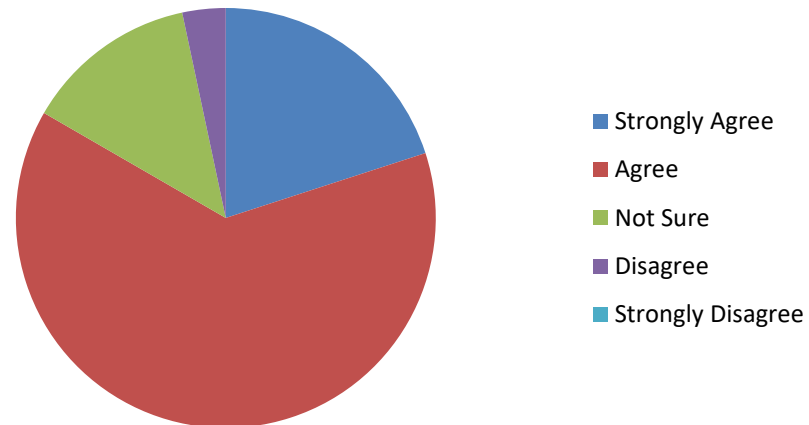

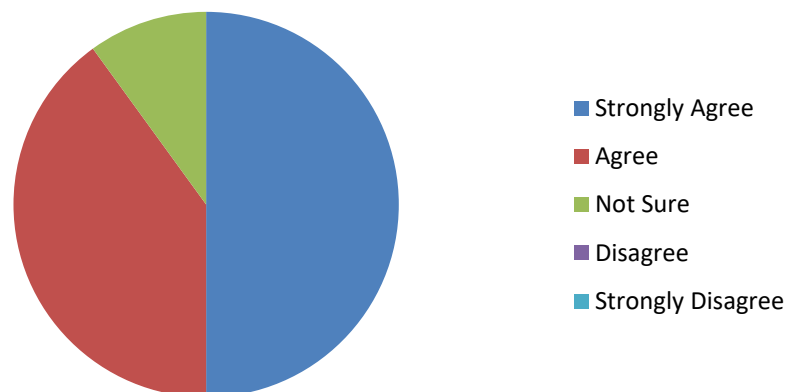

The curriculum imparts knowledge and skills required for the local and global job market

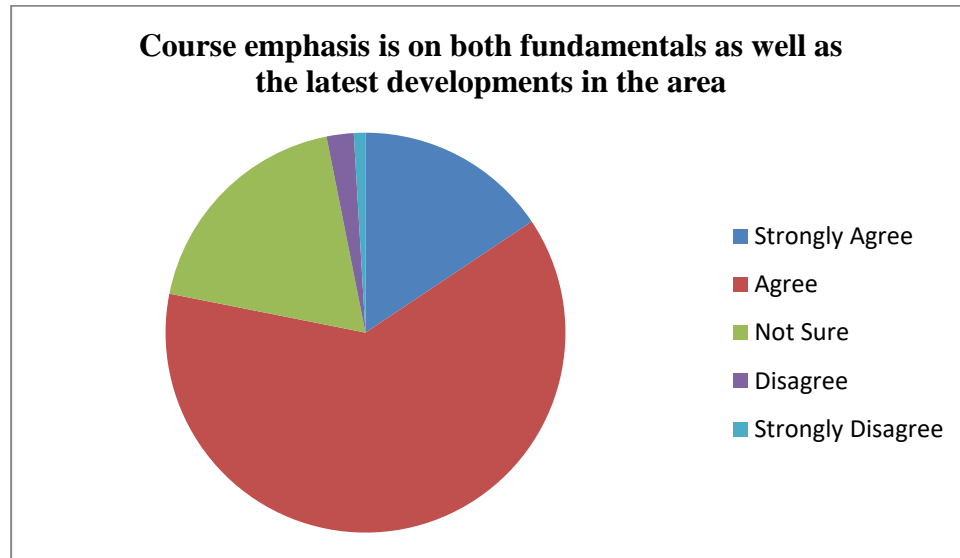

The course objectives are well defined and the modules are logically structured

The curriculum emphasizes professional Ethics, Environment, and Sustainability

Findings

The findings of the analysis of Alumni Feedback on Curriculum indicate that most of the alumnus agree that the curricula of the various courses provide employment and entrepreneurship opportunities in the local as well as global job market. More over most of the alumnus agree that courses are well structured and the modules are self-sufficient for their understanding of their respective subjects. Apart from the emphasis on sustainability and ethics the courses and curricula also serve their understanding of basic and fundamental principles of their subjects along with modern aspects which is the need of time.
